Members of the Atkins, Iowa City Council
480 3rd Avenue
Atkins, Iowa 52205

Dear City Council Members,

We encourage you to vote to build our beloved town a **Fire Station according to the original plans**. Atkins is growing and fire and rescue safety is not the place to cut corners.

Our Volunteer Fire Department has kept Atkins safe for many years. As our city has grown, the AFD members have increased **their personal** commitment. Atkins deserves forward thinking from **all our city council members** to do their part in meeting the safety needs of our community. Again, we ask you to support Atkins by voting "yes" to replacing our fire station according to the original plan.
